Recipe for Out of This World Corn Dip

INGREDIENTS:

3 (11 oz) cans MexiCorn (sweet corn & diced red and green peppers), drained

1 (7 oz) can chopped green chiles

1 (6 oz) can chopped jalapeno peppers - drained and liquid added to taste

1/2 cup green onion - chopped

1 cup mayonnaise

1 cup sour cream

1 teaspoon pepper

1/2 teaspoon garlic powder

1 (16 ounce) package shredded sharp cheddar cheese

2-3 bags scoop-like corn or tortilla chips

INSTRUCTIONS:

In a large bowl, mix all ingredients except chips. Chill two hours to overnight. Serve with your favorite chips (I used Fritos and Tostitos) for scooping.

THANKS FOR THE REFERRALS!

We appreciate the trust that you show in our shop and our service when you refer a friend, family member, neighbor or co-worker!

Client of the Month

Alex McElroy

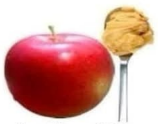

Great customer. We really enjoyed working with him twice!

Have a Question About Your Car?

Just give us a call! We always enjoy hearing from our valued customers. Whether you have a question about vehicle maintenance, a repair question, or just want to call to say Hello, we'd love to hear from you.

Did You Know...

HEAT CAUSES MORE BATTERIES TO FAIL THAN GOLD!

"When most motorists think of dead batteries that cause starting failure, they think of severe winter weather, but summer heat is the real culprit," said **Rich White**, executive director, Car Care Council. More car batteries fail in the summer than in the winter!

Summer's hot temperatures can destroy a car's battery. Heat causes battery fluid to evaporate, which then damages the internal structure of the battery.

The Car Care Council advises vehicle owners to have their car battery tested periodically, **including in the summer** and replaced, if necessary, to avoid being stranded during that summer vacation.

4TH OF JULY

PET SAFETY TIPS

More pets get lost on this day than any other time of the year!
Keep your fur-family safe with these quick safety tips:

Get I.D. tags

A collar and external ID tags are a quick and easy way to identify your pet if they get lost. No scanner required!

Register your microchip

A registered microchip is the best way to identify your pet if they slip out of their collar. Register yours at found.org. It's FREE!

Gear up with a leash & harness

Even usually obedient pets can get spooked on July 4th. Secure them with a leash and collar or harness.

Try a calming aid

If your pet just can't seem to relax, try a calming aid. Anti-anxiety and over-the-counter homeopathic solutions can work well. Or, speak to your vet about medication.

Create a safe space

Provide your pet with a safe space, such as a cozy bed, room or crate. Also close windows and doors to minimize sound and escape routes.

Check out foundanimals.org for more great summertime safety tips!

Michelson Found Animals

4th of JULY SAFETY

HEAT-RELATED ILLNESS

STAY HYDRATED

- Drink more than 8 ounces a day
- Drink even when you're not thirsty
- Avoid alcohol, coffee & soft drinks

APPLY SUNSCREEN

The sun is the strongest between 10 a.m. and 4 p.m. Reapply sunscreen often. Stick to SPF between 15 and 50+.

WEAR YOUR SHADES

Sunglasses must block 99 to 100% of UVA/UVB rays

MOST AT RISK

Adults over 65 and children under 4

Those w/ existing medical conditions

GRILL SAFETY

in a 5-year period

8,900 house fires
160 injuries
118 mil. in damages
10 deaths

KEEP GRILL:

- AWAY FROM STRUCTURES
- IN WELL-VENTILATED AREA
- AWAY FROM CHILDREN & PETS

Fireworks Safety

NEVER allow children to play with or ignite fireworks

KEEP a bucket of water or hose nearby

MAKE sure fireworks are legal in your area

MORE THAN 14,000 4TH OF JULY FIREWORKS EXPLODE ACROSS THE NATION EACH YEAR

Air Conditioning Service, Maintenance & Repair

Most car owners don't service their air conditioning until after it fails. Maintaining your car or truck air conditioning system means that you always have enough refrigerant to properly do the job.

Air conditioning service at our shop starts with a visual inspection of the components for signs of damage or leaks. The compressor is driven by a belt from the engine, most often the serpentine belt, so it's inspected for cracks or wear.

The air conditioning compressor and other components are checked for proper operation by our technician. We also perform a leak test, if a leak is detected, often a hose or connection, it's repaired and it is retested.

Today's vehicle a/c systems can lose 5% of their refrigerant per year causing the system to become inefficient.

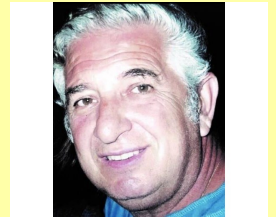

Another thing to remember is the a/c system is used all year long, every time the defroster is used the a/c system is activated to assist in removing the moisture from inside the vehicle which can defog windows much faster than non a/c equipped vehicles. It is recommended that modern a/c systems be tested annually to assure peak performance.

Schedule an appointment with one of our trained professionals and let us make sure you're A/C system is running efficiently. We have the latest equipment available to diagnose the computerized components, as well as to service all the different systems including the newer systems on hybrid and electric vehicles.

How We Came To Be — The Lombardi Story

Lombardi Car Care & Collision has been serving the community since 1983 (43 yrs.), when my dad, Lou Lombardi Sr., founded Lombardi Auto Body. I began working alongside him in 2001, took over the business in 2010. After his passing in 2021, I began rebranding the company to better reflect everything we do today.

While collision repair remains an important part of our business, Lombardi Car Care & Collision is now placing a greater **focus on mechanical repairs and vehicle maintenance**. We've always offered both services, but the new name better represents our commitment to keeping our customers' vehicles safe, reliable, and on the road. And if you ever find yourself needing collision repair, don't worry—we still have you covered there too.

I'm ASE Certified, a licensed Pennsylvania State Vehicle Inspector, and have been a licensed Vehicle Damage Insurance Appraiser for more than 10 years. Cars have always been a big part of my life, but they're **not my only passion**.

Outside the shop, you'll often find me playing music, teaching guitar, hosting my podcast, or volunteering in the community. I work with **Senior Helpers**, helping seniors maintain independence while providing something that's often just as important—companionship and connection. I'm also involved with **Band Together Pittsburgh**, an organization that gives autistic musicians the opportunity to perform in a professional setting and share their talents with a wider audience.

Whether I'm working on cars, teaching music, or supporting local organizations, my goal has always been the same: helping people. That's the philosophy behind Lombardi Car Care & Collision, and it's what continues to drive our business every day.

Thank you for trusting us with your vehicles and for being part of our journey.

Client Comments

“Our van broke down on our way home to the middle of Ohio. These mechanics dropped what they were doing, fixed our problem, and got us on the road in under two hours, and for under \$200 dollars. I can't thank them enough. Give them a try!”

The world famous Canonsburg Fourth of July Parade Saturday July 4th. Starts at 10AM. There is a Pre-Parade 5k Run and Walk at 7:30AM There is a post Parade celebration at Town Park from noon to 6PM and Fireworks at 10PM at the Canon-McMillan Stadium.

PLEASE HELP!

When you see those orange cones and barrels, it's a sign that someone's workplace is only inches away from your tires.

Work zones often feature narrowed lanes, shifting traffic patterns, and uneven pavement that require your full attention. Even if you don't see workers present, the road conditions themselves can be hazardous to your vehicle and your safety. Let's honor the crews building our roads by dropping Your speed and being extra cautious.

Summer Oil Change Special

Our Summer Special \$15 off

Available until July 31st
